- Water: 2660 litres per annum (9.5 litres per cycle)
- Energy: 236 kWh per annum (0.83 kWh per cycle)
- Noise level: 46 dB (A) RE 1 pW
- Energy efficiency: A+
- Cleaning performance: A
- Drying performance: A

Functions

Soak programme:

The soak programme provides a rinse to prevent dirt from drying.

CRYSTAL:

The crystal cycle is a particular programme designed especially for delicate dishes with light dirt.

Eco:

Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.

HYCLEAN:

When the HYCLEAN option (or Ultracleanse programme) is selected, the dishwasher performs a final 10 minute rinse at a high temperature of 70°C, eliminating virtually all bacteria to achieve the highest possible standards of cleanliness. The Hyclean option can be selected with almost all cycles at temperatures above 50°C.

Daily:

The ideal programme for everyday dishes without stubborn dirt or dried on residue.
