Operating Data

Supplier's name or trade mark	LG		
Supplier's model	F14U2TCN(0~9)	F12U2TCN(0~9)	
Rated capacity	8	8	kg
Energy efficiency class	A+++	A+++	
Awarded an "EU Ecolabel award" under Regulation (EC) No 66/2010	No	No	
Weighted annual energy consumption (AEC) in kWh per year based on 220 standard washing cycles for cotton programmes at 60°C and 40°C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.	117	117	kWh year
The energy consumption			
- The standard 60°C cotton programme at full load	0.65	0.65	kWh
- The standard 60°C cotton programme at partial load	0.43	0.43	kWh
- The standard 40°C cotton programme at partial load	0.37	0.37	kWh
Weighted power consumption of the off-mode and of the left-on mode.	0.45	0.45	W
Weighted annual water consumption (AWC) in litres per year based on 220 standard washing cycles for cotton programmes at 60°C and 40°C at full and partial load. Actual water consumption will depend on how the appliance is used.	9000	9000	litres year
Spin-drying efficiency class on a scale from G (least efficient) to A (most efficient).	В	В	
Maximum spin speed attained for the standard 60°C cotton programme at full load or the standard 40°C cotton programme at partial load, whichever is the lower, and remaining moisture content attained for the standard 60°C cotton programme at full load or the standard 40°C cotton programme at	1400	1200	rpm
partial load, whichever is the greater.	51	53	%
The "Cotton Large 60°C / 40°C" are the standard washing programmes to whiche relates, that these programmes are suitable to clean normally soiled cot efficient programmes in terms of combined energy and water consumption;			
The programme time			
- The standard 60°C cotton programme at full load	275	275	min.
- The standard 60°C cotton programme at partial load	221	221	min.
- The standard 40°C cotton programme at partial load	216	216	min.
The duration of the left-on mode (TI)	10	10	min.
Airborne acoustical noise emissions expressed in dB(A) re 1 pW and rounded to the nearest integer during the washing and spinning phases for the standard 60°C cotton programme at full load;	52 (Wash) 73 (Spin)	52 (Wash) 72 (Spin)	dB(A
