Features & Benefits

Designed to Match
Finished in black reflective glass and polished metal, these well-designed and durable compact ovens match the other companion products and the larger coordinated kitchen family.

Precise Control
All the information you need at a glance is on the intuitive display, including a recipe menu and digital temperature control for absolute accuracy. Capacitive touch controls and an electronic touch panel make this oven very easy to use.

Perfect Results
The Compact Oven delivers the superior performance and full functionality of a large model with a choice of eight multi-function programs, temperature pre-selection and an oven programmer.

Safe and Sound
The compact oven has a well-balanced, three-pane glass, CoolTouch oven door along with a childproof key lock for extra safety. CoolTouch doors help keep the heat inside the oven, keep the kitchen cooler and make the kitchen safer for little hands.

Sized to Suit
A compact 46cm height means this oven can be placed virtually anywhere. All companion products can be installed at a convenient height to suit your kitchen design and preference.

Easy Cleaning
The Compact Oven has an easy-clean enamel interior with a catalysing filter that removes odours while you cook. The oven door has removable glass panes for effortless cleaning.
