Features & Benefits

- Clever energy**  
Your fridge adapts to daily use by cooling and defrosting only when needed. This means your fridge uses the energy it needs without compromising on food care.
- Easy cleaning**  
Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.
- Humidity control**  
Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

**Design quality**  
Our fridges are designed and built using quality materials. We use pre-painted steel on our fridges and solid glass for shelving.
