NB: This product is free-standing. It is not designed to be built-in and cannot be slotted beneath a worktop.

A gap of 100mm must be left on the left-hand side of the product to allow the door to open.

Functions

A++:

Smeg products with A+ or A++ energy rating are highlighted with one of the following Symbols

Load capacity 7Kg:

Drum has maximum capacity of 7kg of dry laundry.

LCD display:

to show programmes, functions and options selected and the time to the end of the cycle.

Delay timer:

can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

FlexiTime:

The FlexiTime option allows the user to reduce the time of the cycle selected, providing extra flexibility and control.

Total acquastop:

the product is built with 3 levels of anti-flood devices to ensure protection against water leakage.

Child lock:

some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Super fast 15 min:

a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Shirts:

a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.

Gym:

a cycle designed for washing lightly soiled garments, ie sports wear, this is a fast wash which is also kind to fabrics.

Hand wash:

this specific programme for delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Jeans:

a washing cycle which is kind to the colour and fabric of denim whilst minimising wrinkles.

Mixed fabrics:

this cycle is designed for lightly soiled laundry in a mix of cottons and synthetics, or can be used just to refresh stored items.

Night:

an ideal programme for those who want to take advantage of off-peak energy periods, this cycle is particularly quiet due to slower rotations of the drum.
