

RIG 500E SURROUND SOUND PC HEADSET: E-SPORTS EDITION

ENGINEERED FOR THE INTENSITY OF E-SPORTS

As a highly competitive gamer demanding outstanding audio and flexibility, the Plantronics RIG 500E headset is the premium choice for you. The durable and lightweight frame lets you configure the acoustic profile to suit your needs. Choose vented acoustics for long training sessions or deep isolating audio, perfect for Dolby 7.1 surround sound.

FEATURES

- Dolby technology provides immersive, directional audio with pinpoint accuracy.
- 4-bit audio renders high-quality studio sound for listening to music or videos between games.
- Flexible, noise-cancelling mic boom flips up to mute and easily detaches when you want to listen to music or videos between games.
- Components easily snap into the flexible, durable headset frame to configure the best fit and acoustic profile.
- Self-adjusting headband and memory-foam earcups provide comfortable, stable fit.
- Vented earcups reduce listening fatigue during intense training sessions and isolating earcups block noise and keep you focused during matches.

SPECIFICATIONS

Mic frequency response	100 Hz—10kHz
Mic sensitivity	-45dBV/Pa
Mic signal-to-noise ratio	>42dB
Mic pick-up pattern	Uni-directional
Headphone weight	200 grams
Headphone frequency response	20Hz—20kHz
Headphone impedance	32ohms
Headphone sensitivity: vented cups	110BSPL/V
Headphone sensitivity: isolating cups	113BSPL/V
Headphone maximum input power	40mW
Headphone coupling	Over-ear
Headphone drivers	Dynamic 40mm
Headphone cable length	1.5m
Headphone cable connector	Swappable cables 2m USB or 3.5mm (driver required for surround)
Compatibility	PC, console, or mobile
