

GameCom 818

Product Sheet

USB WIRELESS TRANSCEIVER

Unleash your game.

Upgrade to wireless. Untangle your game play with the wireless Plantronics GameCom 818 stereo headset and enjoy up to 10 hours of entertainment on your PC, Mac, and PlayStation® 4.

FEATURES

- Lag-free digital wireless technology frees you to move around up to 12m/40ft from USB transceiver without the clutter and distraction of restricting cords
- Plantronics signature audio, delivered through optimally-placed 40mm stereo speakers ideal for games, movies, and chat
- Lightweight yet durable, the headset is cushioned where it counts to reduce player fatigue
- Flexible, noise-cancelling microphone reduces background noise so you can easily be heard but quickly mutes when the boom is raised
- Convenient on-ear controls adjust volume or play/pause/track with just a touch
- Quick-charge for up to 8 hours of use or fully charge to extend your playtime for up to 10 hours
