

The hands-free hood. It works for you

Get extra help in the kitchen with Hob2Hood. Instantly responsive, the hob automatically switches on and regulates the light and fan functions of your hood, allowing you to focus on what matters most, your cooking.

Product Benefits & Features

Hob2Hood. Your kitchen companion

Hob2Hood is the wireless connection between your hob and hood, effortlessly adjusting the extraction fan based on your cooking temperature. Instantly responsive, this feature ensures you always have extra help in the kitchen.

- Heat activated catalytic cleaning
- Auto-stop anti-tip chrome shelves
- Hob features:
- Residual heat indicators
- Top oven features include:
- Conventional cooking
- Main oven features include:
- Conventional cooking
- Base heat finishing
- Grill
- Cooling fan
- Isofront® plus triple glazed door
- Main oven energy class: A
- Top oven energy class: A

Immediate, precise response – full control over temperature

The induction hob is extremely responsive. You can adjust the temperature precisely and instantly, so you have full control over the cooking process.

Catalytic Cleaning. A spotless oven without effort

The Catalytic Cleaning feature prevents dirt and grease from building up in the oven. This self-cleaning technology automatically activates when the temperature reaches 250°C and removes cooking residue. No scrubbing needed.

Spit roast flavours. With no turning needed

Seal in the flavour for delicious seared meats and crisp roast potatoes. At once. Turbo Grilling from AEG circulates heat in the oven for even cooking. All while achieving an authentic spit roast effect. With the door closed. No turning needed for a perfectly browned finish and unrivalled flavour.

Reconfigure your oven at any time

The OptiFlex™ Runners allow you to reconfigure the levels in your oven at any time to perfectly accommodate a variety of oven dishes.

Product Specification

Dimensions	894-912x600x600	Grids type - Bottom Oven	1 Flat shelf chromed wirework, 1 Grill pan grid chromed wirework
Voltage	240	Runners	Grid Runners with Stop
Total electricity loading, W	11300	Runners - Bottom Oven	Grid Runners with Stop
Required Fuse	30	Gas supply: natural gas	No
Cavity size	73	Gas replacement	No
Volume usable, l	39	Gas replacement	No
Largest Surface area	1330	ProdPartCode	All Open
Colour	Stainless steel		
Cleaning	Catalytic		
Cleaning Bottom Oven	Catalytic		
Energy class	A		
Energy efficiency class	A		
Energy consumption, conventional mode, kWh per cycle	0.95		
Energy consumption, hot air, kWh/cycle	0.82		
Energy consumption per EU standard cycle	0.75		
Right front - Power/Diameter	1800/2800W/180mm		
Right rear - Power/Diameter	1800/2800W/180mm		
Dial	2300/3600W/210mm		
Rear - Power/Diameter	1400/2500W/140mm		
Tray types included	1 Dripping pan black enamel		
Type of Trays - Bottom Oven	No		
Grids	2 Flat shelf chromed wirework
