

Product Highlights

Transform Your Mobile Device into a Baby Monitor

Whether you're at home or away at work, you can conveniently watch over your baby on your smartphone, tablet or computer

Full-Featured yet Simple to Use

The free mobile app gives you effortless access to advanced features like 2-way audio, notifications, lullabies, snapshots, video recording, and more

Perfect at Home or Away

Mount the baby monitor in the nursery at home or take it with you when going on a family trip; it's easy to keep an eye on your child no matter where you go

DCS-820L

EyeOn™ Baby Monitor Junior Plus

Features

Baby monitor

- Night vision with infrared LEDs that turn on automatically when it gets dark
- 802.11n wireless lets you place the baby monitor anywhere
- microSD card slot for recording snapshots and video triggered by motion or sound²
- Can be powered by an external USB battery¹
- 5 different gentle lullabies built-in
- Interchangeable blue and pink accent colour rings

Intelligent Baby Monitoring

- Sound detection alerts you to loud noises, such as your baby crying
- Motion detection lets you know if the baby monitor detects movement
- Notifications can be sent to your mobile device when sound or motion is detected
- Two-way audio lets you hear your baby and allows you to respond and calm your child

Monitor from your Mobile Device or Computer

- Uses the free mydlink™ Baby Monitor app for iOS and Android devices
- The mydlink™ Baby Monitor app helps you set up your device and gives you easy access to all functions
- Monitor from your computer through the secure mydlink™ web portal

Keep an eye on your little one with the DCS-820L EyeOn™ Baby Monitor Junior Plus. This portable baby monitor transforms your mobile device into a versatile, yet easy to use baby monitor. Connect to the baby monitor wirelessly or over the Internet so you can check on your infant no matter where you are. It includes a wide array of features to help you care for your child, including motion and sound detection, night vision, automatic snapshots and recording. It can even play gentle lullabies to help ease your baby to sleep!

Peace of Mind, Anywhere, Anytime

The EyeOn™ Baby Monitor Junior Plus is specially designed to make it easy for you to care for your baby. Its versatile all-day monitoring turns on night vision automatically when it gets dark, giving you a clear picture day or night so you can keep an eye on things anytime. It's perfect for use in the home, or even when you're away; it's mydlink™-enabled, which means that you can check on your baby remotely and securely over the Internet.

Sophisticated Technology to Keep You Informed

The EyeOn™ Baby Monitor Junior Plus can send you notifications to alert you to specific events. It can detect movement and loud noises such as crying, and this can trigger recording of snapshots and video clips that you can review later.

Crying and Motion Detection

Perfectly Portable for Instant Monitoring Anywhere

You can take the EyeOn™ Baby Monitor Junior Plus with you when travelling with your child, even when there is no available Internet connection. Just connect your mobile device to the EyeOn™ Baby Monitor Junior Plus' wireless network for instant local monitoring, making it perfect for family holidays or just visiting friends. You can even connect it to an external USB battery¹ for total portability!

Perfect for viewing on multiple devices
