

DIC613

60cm Fully Integrated Dishwasher
Energy Efficiency Class A++

EAN13: 8017709226343

- 13 place settings
- 5 programmes: Soak, ECO, Rapid 27 mins, Ultraclean, Daily ½ load
- 4 washing temperatures (45°C, 50°C, 65°C, 70°C)
- Orbital spray system
- Total Aquastop
- Concealed heating element
- Maximum plate diameter: 30cm
- Average wash time approximately 100 mins
- Adjustable water softener
- Self-balancing door hinges
- St/steel filter
- Grey baskets
- Height adjustment of the upper basket: On two horizontal levels, by extraction
- Lower basket; with fixed racks
- Rear leveling feet adjustable from the front

Consumption (based on 280 cycles)

- Water: 3360 litres per annum (12 litres/cycle)
- Energy: 292 kWh per annum (1.03 kWh/cycle)
- Noise level: 49 dB (A) RE 1 pW
- Energy efficiency class: A++, Cleaning performance: A, Drying performance: A
- Reference programme: Eco, Duration of Eco programme: 175 mins
- Energy consumption: Standby off mode: 0.02 W, Standby on mode: 0.80 W.
Duration of Standby On mode: 5 mins

NB: This model replaces the DIC6-1

Functions

A++:

Smeg products with A+ or A++ energy rating are highlighted with one of the following Symbols

A:

Product energy rating, measured from A+++ to D / G depending on the product family.

13 plate settings:

The symbols show the number of plate settings of the dishwasher.

ORBITAL WASH SYSTEM:

This system consists of a double spray arm, with contra-action rotation, which distributes water evenly throughout the cavity. The spray arm jets are perfectly shaped to direct the water with precision, ensuring an excellent wash quality and a greatly reduced noise level.

Soak programme:

The soak programme provides a rinse to prevent dirt from drying.

Eco:

Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.

RAPID 27 MINS:

A new quick programme which takes just 27 minutes, suitable for a lightly soiled load.

HYCLEAN:

When the HYCLEAN option (or Ultracleanse programme) is selected, the dishwasher performs a final 10 minute rinse at a high temperature of 70°C, eliminating virtually all bacteria to achieve the highest possible standards of cleanliness. The Hyclean option can be selected with almost all cycles at temperatures above 50°C.

1/2 load:

The 1/2 load allows you to wash a reduced load saving energy, water and time.
