Features & Benefits

Humidity control Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.
Simple storage This fridge is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.
Easy cleaning Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.

Design quality Our fridges are designed and built using quality materials. We use pre-painted steel on our fridges and solid glass for shelving.
