Epson **EB-1751 [240v]**

XGA	2600 lm	1 W	PC free
(1)	3-in-1 USB display		

Part of Epson's business projector range that's packed full of intelligent features for fast, portable presenting

Determined to make portable business presentations easier to manage, Epson brings you the EB-1751. With its lightweight portability and highly intelligent features, this projector is the perfect companion for any business presenter on the move.

Ideal for presenting on-location
Fast set-up and shut down is easy with the EB-1751's quick-start-up and instant-off functions and means you don't have to wait for the projector to warm up or cool down. The lightweight, slim design makes this projector effortless to transport around in its comfortable carry case.

Straight images every time
You can ensure that you always have a straight image, no matter the projector's angle. Epson's automatic vertical keystone correction and manual horizontal keystone correction helps align images during set-up.

Superb quality
This projector is enhanced by Epson's 3LCD technology to provide superb quality images. An equally high White and Colour Light Output of up to 2,600 lumens means you can present during the day without having to switch off lights and, with HDMI input, high-definition content can be shown with maximum clarity.
