EB-U05

| WUXGA | 3400 lm | 15,000:1 | 300" |
| WiFi® Optional | 2x HDMI | 2W | |

Bring films to life with this easy-to-use Full HD, 3,400 lumens projector with optional Wi-Fi.

Watch motion pictures in style on a 300 inch display with this Full HD projector. Get up and running quickly with this hassle-free model that's designed for easy installation. Featuring 3LCD technology and 3,400 lumens of brightness, movies will be as the director intended with a bright and clear display. So sit back and enjoy a film every day for the next 15 years[1] thanks to its long lamp life.

Bigger is better
Feel immersed in your favourite movies and games with this Full HD projector, that's capable of creating an impressive 300 inch display. Bringing the screen to life, 3LCD technology achieves a display that is up to three times brighter than competitor products[2]. Its 15,000:1 contrast ratio also produces clearly defined shadows and deep blacks.

Simple set up
We don't think a home projector should be any more complicated to use than a TV. That's why this projector is hassle-free and quick to set up with features such as keystone correction to help quickly position the image. Accessing your entertainment is easy too with two HDMI inputs (including one MHL) for connecting DVD players, games consoles and more. By using the optional ELPAP10 adapter, it can also offer Wi-Fi connectivity, allowing you to share content from a smart device using the iProjection app.

Long-lasting solution
Looking for a long-term, hassle-free and affordable solution for watching your favourite movies? With this model's long-lasting lamp light source, you'll be able to watch a film every day for 15 years[1].

High-quality, bright images
Even in bright rooms, this powerful yet affordable Full HD projector delivers exceptionally bright yet colourful images with clear details. It's all thanks to 3LCD technology, which produces an equally high White and Colour Light Output of 3,400 lumens.
