

WM1480P1

Washing Machine, 8kg, 14 Wash Profiles

This Fisher & Paykel 8kg washing machine has 14 different wash profiles to care for every type of load.

White

Dimensions

Depth	570mm
Height	850mm
Width	600mm

Features & Benefits

Quick cycles

Vortex Wash speeds up the cleaning process so most cycles take less than an hour to complete. During the tumble action, water is forced from the bottom of the drum up through your clothes so detergent and heat reach your fabric faster.

Intelligent washing

Our world-first SmartDrive™ technology uses a motor that constantly provides feedback to a computer which controls the tumble and spin action, resulting in a quicker, quieter and more reliable wash.

Quiet performer

Using a direct drive motor removes the need for belts, pulleys and the traditional block designed to hold down the machine. Without these heavy components, there are less vibrations for a quieter wash.

Energy efficient

Our front loaders can be installed with both hot and cold water inlets allowing for better energy efficiency and quicker wash cycles. Cold water can be heated within the washer or hot water can be drawn directly from your plumbing.

Timed dispenser

A liquid dispenser ensures detergent is distributed at exactly the right time in the cycle to optimize wash performance.

Easy to use

This machine has a cycle to suit every load type including Allergy, Delicate and Handwash. Select a cycle with the easy to use SmartTouch™ control dial.

Specifications

Consumption

Annual Energy Consumption	165 kWh/year
Annual Water Consumption	9500 L/year
Energy rating	A+++
Water Consumption l/cycle	43 L

Main Features

Capacity (dry load)	8 kg
Noise (spin)	68 dBA
Noise (wash)	50 dBA
