

Make even the most complex meals simple to prepare

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

Product Benefits & Features

Cook quicker, enjoy more

Enjoy tastier meals in less time with the fast-heating hob from Zanussi. Switch it on for instant induction power, heating pots and pans quicker than electric hobs. Whatever you're creating, spend less time cooking and more time sharing food with friends.

- Hot hob indicator
- Thermaflow® fan oven
- Top cavity features:
- Main oven features:
- Top heat
- Cooker features:
- Catalytic liners in both ovens
- Interior light in main oven
- Triple glazed doors
- Top oven: A energy rating

The effortless way to a clean oven

You can keep this oven clean with doing hardly any cleaning. Its special catalytic lining absorbs grease before burning it up at high temperatures.

Get twice the cooking capacity with two oven cavities

Let's face it – in the kitchen, you don't always have the luxury of being able to do things one at a time. Luckily, with two oven cavities, you can easily bake and grill simultaneously – getting your meal onto the table much faster.

Everything evenly cooked

Get evenly-cooked meals every time with Zanussi. The built-in fan distributes air around the oven cavity for precise coverage. Everything emerges as it should. No more partly-cooked or overdone bits. Just great food that's always ready for the table.

Let your oven do the cooking with the minute minder feature

Leave the cooking to your oven while you get on with life. This minute minder lets you know as soon as dinner is ready to be served!

Product Specification

Dimensions	894-912x600x600
Voltage	240
Total electricity loading, W	10800
Required Fuse	30
Cavity size	77
Volume usable, l	39
Colour	Black
Self-Cleaning?	Catalytic
Cleaning Bottom Oven	Catalytic
Power Management	Between all induction zones, priority LSZ, Between zones on the same side
Energy class	A
Energy efficiency class	A
Energy consumption, conventional mode, kWh per cycle	0
Energy consumption, hot air, kWh/cycle	0.83
Energy consumption per EU standard cycle	0.75
Energy consumption, fan forced, kWh/cycle	0
Right front - Power/Diameter	1800/2800W/180mm
Right rear - Power/Diameter	1800/2800W/180mm
Dial	2300/3600W/210mm

Rear - Power/Diameter	1400/2500W/140mm
Tray types included	No
Type of Trays - Bottom Oven	1 Dripping pan black enamel
Grids	No
Grids type - Bottom Oven	1 Grill pan grid chromed wirework, Cranked shelf chromed wirework
Runners	Grid Runners
Runners - Bottom Oven	Grid Runners
Gas supply: natural gas	No
Gas replacement	No
Gas replacement	No
ProdPartCode	All Open
