

## ZDT26030FA Dishwasher

### A flexible clean for all shapes and sizes

Our dishwasher has customisable compartments that can fit dishes of all shapes and size. Simply adjust the racks and lift the basket to load and clean everything at once, reducing the need for multiple cycles.

### Complete clean in half the time

Use the Time Manager feature to cut the duration of the dishwashing cycle in half. Meaning you can have your dishes cleaned and ready to use when it's convenient.

### Choose the most convenient time of day to do dishes

The 24h delay function enables you to postpone the dishwasher cycle for up to 24 hours in one-hour increments. So you can begin the cleaning process when you have the time or energy. It's ideal for taking advantage of off-peak rates or running a programme when hot water isn't required elsewhere.

### More Benefits :

- The AutoWash feature in the dishwashing cycle uses a special sensor to detect how much cleaning is needed.
- PerfectFit Sliding Hinge, for easy integration.
